ELITE INVESTOR COMMUNITY
SUMMER PARTY

at the **VISTA ROOFTOP BAR**
Trafalgar Hotel, Trafalgar Square London
in association with **GPCF.com**

GPCF is proud to host their exclusive Summer Party for elite investment professionals in Private Equity and Real Estate. This rooftop party is for the Elite Investor Community only. GPCF is an investment matchmaking firm founded by well-known introducer and investor Jeff Green. The Party will be hosted together with just four selected Sponsor Partners.

The Party is to celebrate the enormous benefit the Elite Investor Community brings to the UK and beyond. By invitation only, we will bring together highly influential Private Equity and Real Estate investment professionals to widen their business networks and social circle. The Party will utilise Jeff's unmatched network of high achieving PE and RE friends and his unique ability to introduce attendees to exceptional business connections on the night. This will be the Elite Investor Community under one roof "top" for the first time in London.

Jeff will also launch his worldwide search for 25,000 Volunteer "Mentors" to help, assist and train people in business all over the world.
